

Indoor Air Quality

The **INDOOR AIR QUALITY SOLUTION** is the course that adds a powerful weapon in the battle to assure the public of indoor air quality (IAQ) that meets or exceeds the most stringent standards. This comprehensive, specialized training course equips IUOE stationary engineers with the means to prevent the most air quality problems before they happen and to mitigate those problems that do occur.

In **75 hours of intense instruction**, participants who complete this course will be fully prepared to:

Prevent

- ◆ Operate a preventative maintenance program
- ◆ Conduct regular visual inspections
- ◆ Test and balance a system

Document

- ◆ Use a preventative maintenance log
- ◆ Prepare streamlined checklists and an IAQ log

Evaluate

- ◆ Utilize advanced techniques for environmental analysis

Mitigate

- ◆ Implement a step-by-step system to handle and resolve occupant complaints
- ◆ Adopt a practical and realistic approach to air monitoring

Dates / Times:

Classes will be held on **Wednesdays** and **Saturdays**, 5:00 p.m. to 8:00 p.m. Classes begin **To Be Determined** and will end **To Be Determined**. For a complete calendar of the class dates, please contact the Local 70 office at (651) 646-4566.
